SANJAY M

Java Backend Developer

Chennai, Tamil Nadu - 600064

+91 6381942795 | sanjayin440@gmail.com | LinkedIn | GitHub

Professional Summary

Java Backend Developer with hands-on project experience building database-driven applications using Java, Spring Boot, Spring Data JPA, REST APIs, and MySQL. Strong foundation in Core Java, OOP concepts, Collections Framework, Exception Handling, JDBC, and SQL. Experienced in developing backend services and integrating them with frontend applications.

Technical Skills

Programming Languages: Java, JavaScript, SQL

Core Java: OOP Concepts, Collections Framework, Exception Handling, Multithreading Basics

Backend: Spring Boot, Spring Data JPA, JDBC, REST APIs

Database: MySQL

Frontend: React.js, HTML5, CSS3, Bootstrap, React Router

Tools: Git, GitHub, Eclipse, Visual Studio Code

Projects

CareBridge – Hospital Management System | *Java*, *Spring Boot*, *Spring Data JPA*, *MySQL*, *React.js* | Live Project

- Developed a hospital management application with separate patient and administrative interfaces.
- Implemented REST APIs using Spring Boot and Spring Data JPA for backend operations and database interactions.
- Integrated MySQL to manage patient, doctor, appointment, and consultation report data.
- Implemented appointment booking, cancellation, status tracking, and consultation report access.

Royal Roam – Tourism Website | *React.js*, *JavaScript*, *React Router*, *React Bootstrap*, *CSS* | Live Project

- Developed a responsive tourism website featuring 24 domestic and international destinations.
- Built reusable React components and dynamic navigation for destinations and travel packages.
- Implemented package selection, booking forms, input validation, and booking confirmation.
- Added dynamic package pricing and total cost calculation based on user selections.

Sports Freak – Sports Shop Website | *HTML*, *CSS*, *Bootstrap*, *JavaScript* | Live Project

- Developed a responsive sports shopping website featuring product categories and product detail views.
- Implemented interactive product image switching, quantity controls, and form validation using JavaScript.
- Created interactive product browsing interfaces to help users explore sports products and their details.

Education

Bachelor of Engineering (B.E.) – Computer Science — Oct 2021 – Apr 2025
Jerusalem College of Engineering, Pallikaranai | *CGPA: 6.75*

Higher Secondary (12th Grade) — Jun 2020 – Mar 2021
Fatima Matriculation Hr. Sec. School, Chengalpattu | *69%*

Secondary (10th Grade) — Jun 2018 – Mar 2019
Fatima Matriculation Hr. Sec. School, Chengalpattu | *58%*

Certifications

Java Full Stack Developer – Hejex Technology

SQL (Basic) – HackerRank Certificate
